

Integrability & Combinatorics & Representations

This conference will gather mathematicians and theoretical physicists working at the interface between integrable systems, combinatorics and representation theory

Participants include:

Martina Balagovic*
Mikhail Bershtein
Ivan Cherednik*
Robert Coquereaux
Ben Davison
Zajj Daugherty
Philippe Di Francesco
Vladimir Fock*
Pavlo Gavrylenko
Rinat Kedem

Allen Knutson
Christian Korff
Andrei Marshakov
Davide Masoero
Nikita Nekrasov
Nicolai Reshetikhin
Anne Schilling
Andrea Sportiello
Jörg Teschner*
Harold Williams*
Jean-Bernard Zuber

(* = to be confirmed)

Scientific Organizers:

Paul Zinn-Justin
Iva Halacheva
Oleg Lisovyi

**Presqu'île De Giens,
France**

02-06/09/2019
